An Agency of the State of Hawaii

1. **Questions and Answers**

Q1: Regarding the State of Hawaii General Excise Tax Number and Certificate: Is it acceptable in our response that we are working towards getting registered for a State of Hawaii General Excise Tax Number and Certification or must this be completed before we submit our response for us to be eligible to win the RFQ?

A1: It is acceptable. Should your company be selected as the successful offeror, the General Excise Tax ("GET") will need to be secured before execution of the agreement. The state's turnaround timeframe for providing GET numbers is pretty quick actually.

Q2: Does Kona Community Hospital have any standard contract Terms & Conditions they need us to review or consider integrating into our agreement?

A2: Yes. The link was provided in the RFQ. We have also attached them to this Addendum.

Q3: Will all of the patients and observers be in the same geographic location or distributed across several locations?

A3: We plan to have 3 different departments/locations with each having its own observation station.
