

Subject: Procurement Practices & Principles	Policy No.: 102-27
23-0013 Siemens - Service Maintenance - Exception	7.15.2022/13:59 23-0013

**REQUEST FOR PROCUREMENT COMPETITION EXCEPTION**

Facility: Kona Community Hospital

Requesting Official Name/Position Craig Davis, Imaging Center Director

1. Name and address of contractor (Attach Completed Purchase Request/Requisition - may be approved concurrently).

**Siemens Medical Solutions USA, Inc. 40 Liberty Boulevard, Malvern, PA. 19355**

2. Describe process used for selection and method for determining best value pricing obtained:

**Proprietary software that only works on Siemens equipment. No other vendors can provide the software.**

3. Expenditure amount/means of funding:

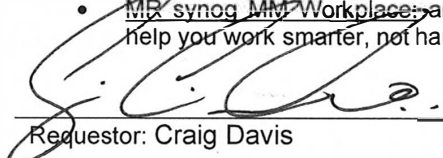

**\$837,252.05 – Operations**

4. Justification (why competition is excluded or restricted)

- Emergency Type A – patient safety risk  Sole Source
- Emergency Type B– significant financial impact if delayed for bidding  Physician Preference
- Selection based on prior involvement of vendor
- Procurement Code Policy Board/Rule/Statutory Exemption or Exclusion Citation: \_\_\_\_\_
- Other - best interests of facility to proceed without formal competition

**EXPLANATION:**

- Service and maintenance agreement for the following Imaging Department Siemens equipment listed below:
  - Multix TOP: provides a pleasant atmosphere, comfort, and short examination times are becoming increasingly more important in the radiology department.
  - AXIOM Luminos TF: is the tableside-controlled fluoroscopy system for the complete spectrum of patient profiles from pediatrics to bariatrics. With its highly robust table and spacious open design, the system allows you to easily conduct examinations on larger patients weighing up to 600 lbs. (272 kg).
  - MAGNETOM Espree: offers a high level of flexibility with innovative applications for each body part. And you can seamlessly scan up to 205 cm with no patient repositioning or coil changes for true whole-body functionality.
  - MR synog MM Workplace: an intuitive, off-the-system solution that delivers advanced clinical applications that help you work smarter, not harder.
