Subject:		Approved by	Supersedes Policy:
	ARDS OF DRESS,		NA
	ING AND RELATED	HHSC Beard of Directors By: Raymond Ono	Page:
BEHAV	IORS	Its: Secretary/Treasurer	1 of 6

I. PURPOSE:

- A. To establish guidelines or standards for employees, physicians and volunteers that explain appropriate dress and grooming practices for the HHSC workplace.
- B. To comply with system-wide Safety and Infection Control policies regarding personal dress.

II. POLICY:

- A. Employees are expected at all times to present a professional, businesslike image to our customers and to the public.
- B. All employees are expected to be clean and well-groomed at all times. Each should practice good oral and body hygiene.
- C. Hair must be neatly trimmed and must not interfere with job function. Employees working in patient care areas should have their hair pulled back away from their face. Facial hair must be well-trimmed and neat in appearance.
- D. All employees who are on-call and called back may return to work as dressed, to prevent compromise of patient care. These employees, however, must wear a lab coat or covered gown over street clothes, if applicable, and a closed shoe.
- E. Each employee will wear their facility identification badge and identify themselves upon entering a patient's room.
- F. All employees will be permitted to wear costume with their facility identification badge on special occasions (e.g., Halloween, Christmas, etc.) with the prior approval from their immediate supervisor.

III. PROCEDURES:

A. General Guidelines for Grooming and Related Behavior

C. COMPLIANCE

All employees are expected to follow these guidelines in a matter of individual responsibility. The departmental supervisor shall implement and ensure compliance with this policy. All complaints will be handled by the employee's immediate supervisor. Failure to comply with this policy and/or repeat infractions will result in progressive disciplinary action.

Exceptions based on religious beliefs or cultural traditions may be requested of an employee's supervisor.
