

EDUCATION WITH ALOHA

Kona Community Hospital Surgical Technology Program

GAIN HANDS-ON EXPERIENCE WHILE LEARNING IN STATE-OF-THE-ART SIMULATION FACILITIES AND OUTSTANDING KONA COMMUNITY HOSPITAL CLINICAL SETTINGS

Academic Planning & Information Sessions

Join us to learn about our admission process. Learn more at www.kch.hhsc.org/surgicaltech

We provide you with an exceptional education. As a student in our full-time program, you will experience over 900 hands-on clinical hours in skills labs and hospital ambulatory surgery settings. Upon completion you will be taking the Certified Surgical Technologist exam.

- The Surgical Technologist is a team member in the operating room under the direct supervision of qualified professional Surgical team. Surgical technologists are responsible for creating and maintaining a surgical sterile field, assisting the surgeon during a procedure, understanding the procedure, anticipating the surgeon's needs and maintaining a safe environment for the patient.
- Application deadline is June 1, 2022
- What do Surgical Technologist do? We are referred to many different name - operating room technician, surgical technologist, scrubs, scrub technicians. You will prepare the operating room for surgery by gathering supplies needed to perform the surgery, assist the surgeon by passing items and other sterile supplies. Anticipating the needs of the sterile team members. Thinking ahead to maximize efficiency and flow of the surgical case. Making sure the procedure is executed smoothly and efficiently as possible. Preparing and organize the operating room. Clean and assist with sterilizing equipment. Surgical technologist work under the supervision of a register nurse and operating manager.
